ASHORE OR AFLOAT

Whether his craft is a dinghy or an ocean yacht; whether he sails on salt water or fresh, or only in rocking chair reverie, here is a selection of trim sea going gifts to suit the skipper's fancy.

The brass of these authentic nautical appointments is highly polished and lacquered to retain their finish without polishing. The maple bases match ships mahogany. They will add a most refreshing touch to the skipper's quarters, den or office; the recreation room or summer cottage.

This little book contains a wealth of nautical treasure from which to choose a welcome and proper gift for any man or boy who voyages in fact or fancy.
